Why Calidris?

Frame medium / 66,5 cm / White gloss

Design that adapts to your needs

Regardless of room shape or size, Calidris is the exclusive, premium-quality furniture range for people who enjoy life to the full and seek the finest natural materials as well as quintessential Danish design.

Shape large / 230 cm / White matt

Calidris is for the entire room

Far more than a range of bathroom furniture, Calidris allows you to furnish an entire room with a wide variety of products from the range. As well as furniture, mirrors and washbasins, the collection also offers several lighting solutions and a wide range of accessories that help create a complete solution where every single detail has been carefully considered. In this way, Calidris offers an integrated and uniform design expression.

Frame medium / 126,5 cm / White gloss

We celebrate diversity

A personal bathroom must be an extension of your personality. All the rooms in your home reflect your personality, so why should your bathroom be an exception? At the same time, the bathroom is often used by several different people, so its design must be adaptable to different needs.

With smart details and products in several variants and sizes, Calidris gives you flexibility, making everyday living just that bit easier and more fun.

Shape / 207 cm / Red clay

Highlights in the Calidris range

Calidris is a classic of modern bathroom design, but this does not mean we have become complacent. We have played with colours, and consequently you can now have your bathroom furniture custom-lacquered in exactly the colour you want.

Shape seamless tabletop, produced from the material known as solid surface. Shape is available as a standard tabletop or with one or two washbasins.

Jupiter is the name of one of our popular lights, and is available as pendants as well as ceiling and mirror lights.
Now you can create a coherent and matching design for both room layout as well as illumination.

Frame small / 68,5 cm / Soft rose

Frame small / 48,5 cm / White gloss

Frame medium / 106,5 cm / White matt

Shape Large / 230 cm / Linen

Small, medium or large?

Don’t let the room size restrict you when designing your bathroom interior. Even in a compact space with different angles and corners, Calidris makes things easy. The range provides solutions for all kinds of rooms. The flexible design means you can easily reproduce the same look in all the bathrooms in your home. We have categorised the cabinets as small, medium or large, depending on which depth you need. Giving your small guest cloakroom the same design as your large master en-suite, could not be easier.

It all started with a small square

Calidris is inspired by the idea that a 20x20 cm module can give you a full overview of the product range's possibilities. You start with a basic square shape and can end up with a wholly unique bathroom. So, using simple measurements like 20, 40, 60, 80 and 100 cm, etc, you can easily design your new bathroom

The idea behind the streamlined square module is that no matter how you use Calidris to furnish a room, the endresult is an intuitive whole that creates a sense of calm and continuity. All the accessories follow the same modular principle and have the same design expression as the rest of the collection.

The simplicity of the design also produces a perfect result that you can live with for many years to come – with the advantage that you can replace and supplement items with other products from the range.

Frame medium / 126,5 cm / Light oak

SHAPE

Three flawless basins with their own unique design expression

Just like the units, the washbasins represent the best of Danish design quality. The washbasins come in various sizes, and you can explore our different models to find the exact design expression to match your bathroom.

Meet the thin Shape washbasins and tabletops, available with one or two washbasins. With a thickness of only 12 mm, the tabletop creates an elegant, minimalist impression.
The extremely strong, yet light and thin solid surface material is easy to work with and comes in four colours.

SHAPE

CANTO

Canto is a sit-on washbasin that you can use with tabletops in matt white and dark or light oak. The tabletop washbasins are designed with a high profile to ensure a larger basin that does not limit cabinet space. Choosing two washbasins gives you an elegant solution with a large cabinet that provides extra spacious storage.

The Frame washbasin has a special design feature that elegantly separates the wet area from the dry. The thin edges gives the design lightness as well as a functional advantage

Frame is available in single and double washbasin versions as well as an asymmetric design, with counter space to either the right or the left. The washbasin is also available in a tabletop version.

FRAME

Shape large / 120 cm / Breezy blue

"The Shape washbasin is an impressive, minimalist solution that captures the essence of Danish design. The ultra-thin solid surface material can be cut to fit anywhere and elegantly follow the contours of the washbasin."

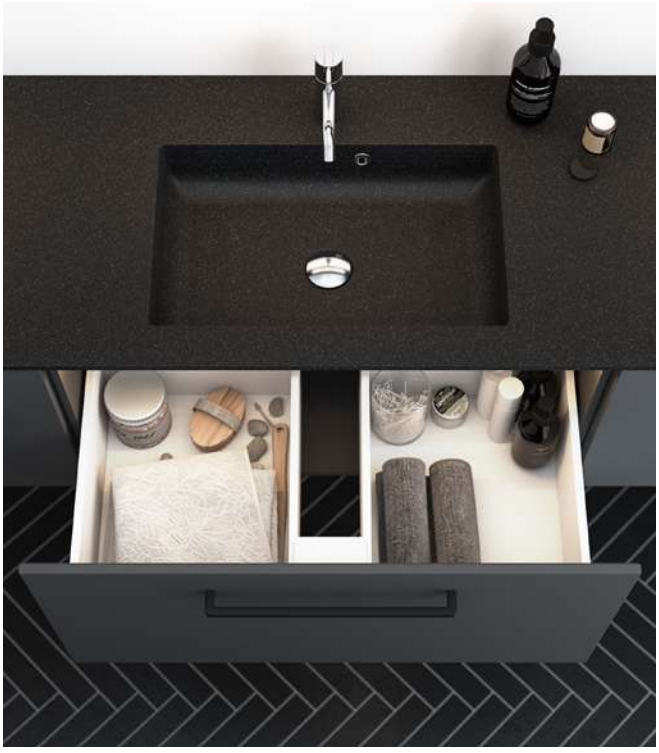
Rasmus Kjær, CDO & designer, Dansani

Shape medium / 240 cm / Bespoke colour

Well-cut to your exact measurements

Meet the thin Shape washbasins and tabletops, available with one or two washbasins or as a standard tabletop. The slim lines add an aesthetic lightness to the already light, simple furniture design, lifting the Calidris range to new heights.

With a thickness of only 12 mm, the tabletop creates an elegant, minimalist impression and comes in four light and dark colours. Shape made to measure tabletops and washbasins are roduced to order. The extremely strong, yet light and thin solid surface material is easy to work with.



Breezy blue

It's all in the detail

It is surprising how big a difference small details can make to everyday living. Even those you don't see at first glance. In the Calidris range, details are part of an integral whole that makes your bathroom easier to use and gives you greater pleasure every single day

Many of the details are also the result of good, old-fashioned common sense. In other words, accessories like baskets, boxes and trays that always match the furniture dimensions. This means our drawers, cabinets, etc, offer optimum functionality as well as an aesthetic quality expressed in every aspect of the streamlined, uniform design.

A love affair with the art of furniture-making

Quality furniture is the result of real craftsmanship. At Dansani, craftsmanship is important because it communicates quality and respect for the materials and the people who use our products. It is your guarantee that the product you have bought will serve you well for a long time.

All wood used in Dansani Calidris products comes from sustainable European forests. We only use first-class quality. Our trained professionals sort and select the wood on the basis of strength, grain pattern, wood tone and uniformity. All wooden joints are assembled using biscuit joints of high cabinet-maker quality. This gives a strong, stable and beautiful construction.

Aesthetic exclusivity

The desire to create a light, elegant piece of furniture that looks beautiful from any angle has led to classic furniture-making solutions with bevelled joints. The cabinets in the Calidris range therefore ooze the same aesthetic experience, regardless of where they are positioned on the wall.

When lightness meets functionality

The bevelled edges of the doors provide a multi-functional solution. They make the edges appear narrower and lighter without compromising constructional strength. They also render the cabinet handle-free, because you can easily grasp the edge of the door and open it. A classic, minimalist solution entirely in keeping with the principles of Danish design.

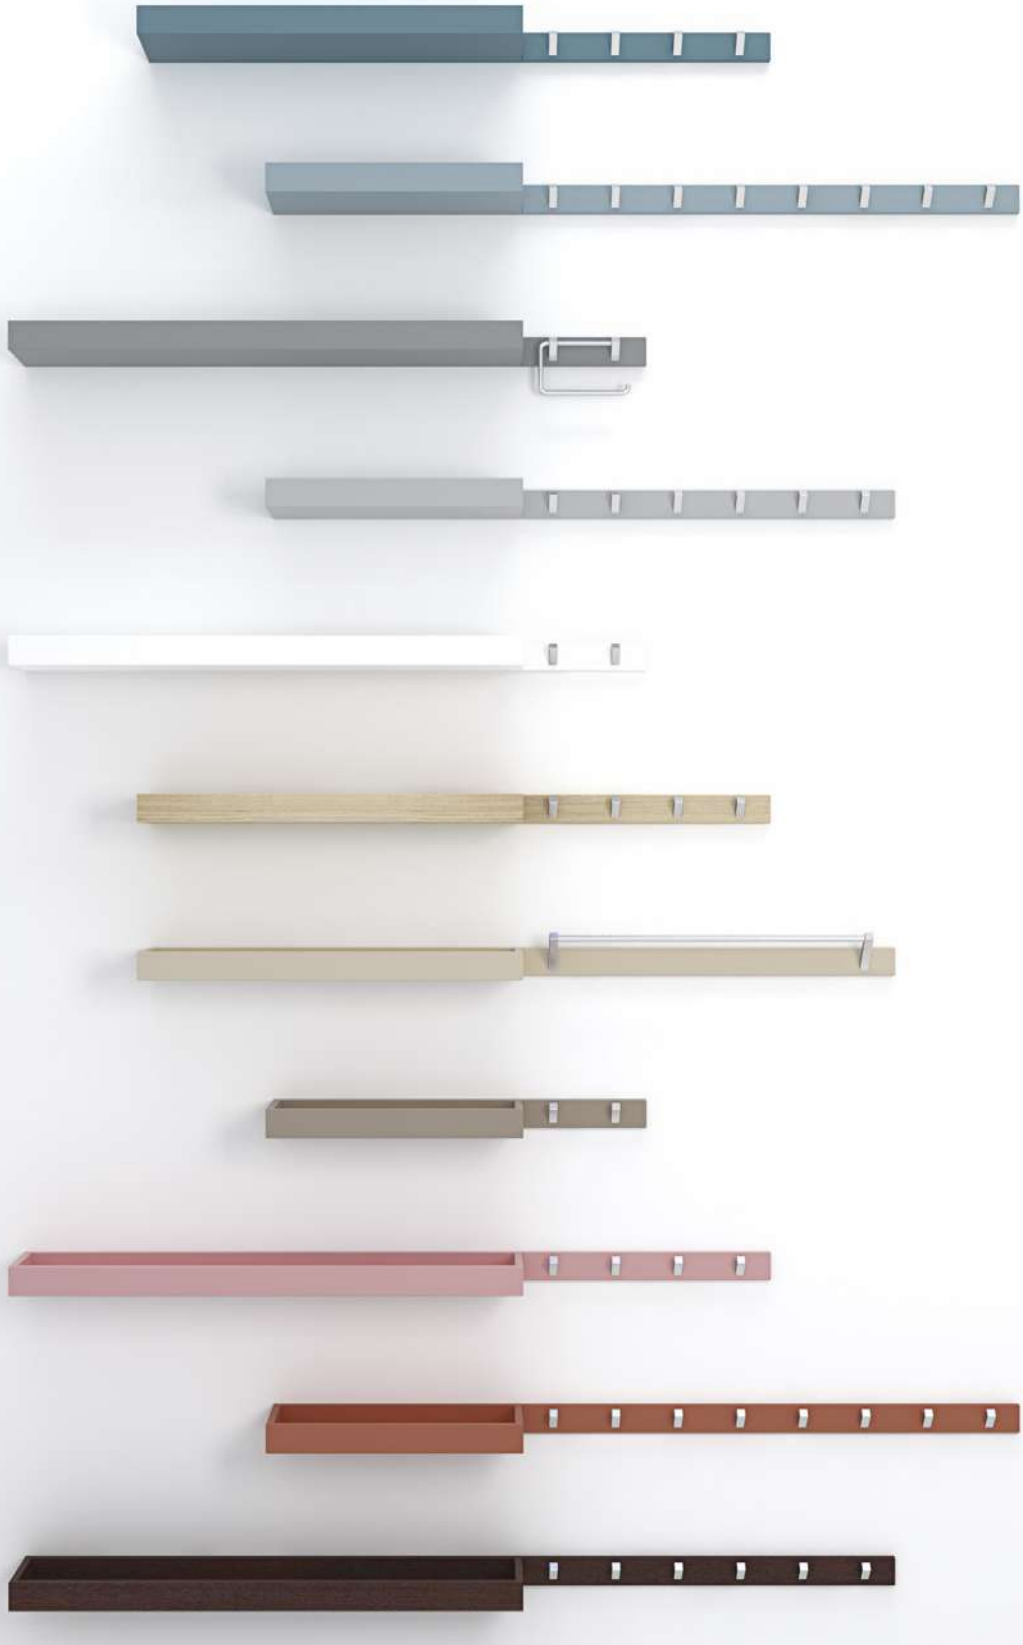
Open the drawer
And talk about practical advantages

As you open the drawers in Dansani Calidris, you will discover cleverly designed compartments to ensure easy and organized access to your toiletries. For the deep, wide drawers additional drawer dividers, can be purchased separately utilising all available space. The drawers are fully extendable to give you an overview. Dampers ensure that the drawers close softly. All drawers are white internally regardless of cabinet colour to give you a light and pleasing experience.

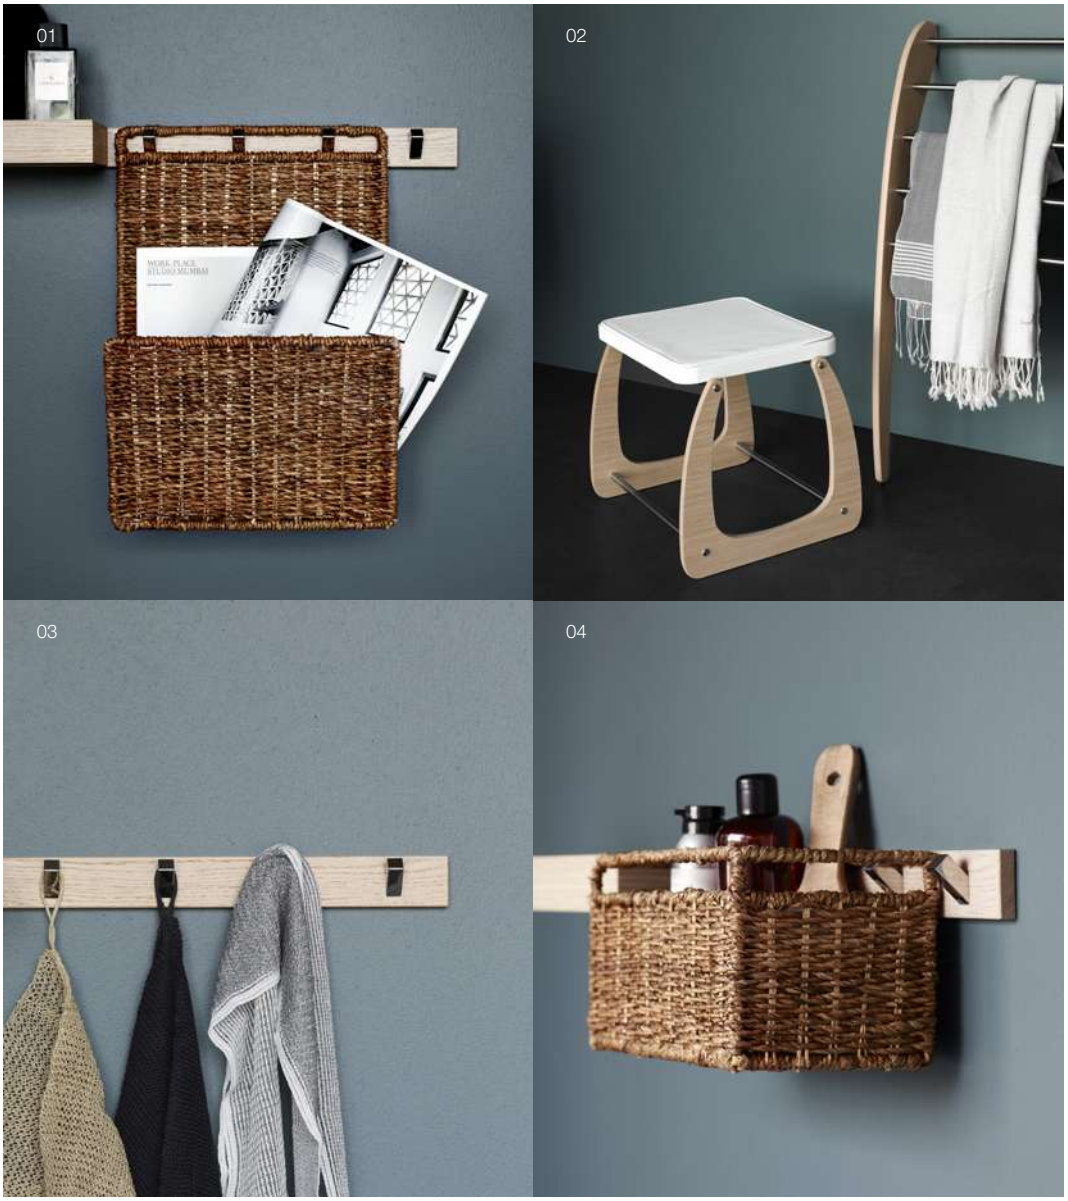
Shape large / 230 cm / Bespoke colour

Add a splash of colour to your bathroom

You can choose exactly the colour you want for your bathroom if you want to try a shade not in our standard palette and create your own unique Calidris expression. This applies not only to doors, drawers, and cabinets, but also to accessories such as benches, mirror frames and shelves. Experiment with the colours and create your own unique look.



Shape large / 240 cm / **Light oak**



The Calidris accessory range is as impressive as the furniture, and the modular approach also shows in the floating shelves and racks. Everything is designed to match. Compliment or complete with a functional selection of accessories designed for the Calidris range. Choose the same colours as the furniture, or create interesting contrasts.

01 Magazine holder for rack. 02 Mobile – a unique, movable piece of furniture. Step and stool in the same beautiful design
03 Racks in various sizes. 04 Sturdy wicker basket for rack.

Did you know that

- good lighting means better
- quality of life
- putting on make-up and shaving are much easier in good lighting
- your circadian rhythm is affected less with the right lighting

Well-being and harmony with correct lighting

Light plays a vital role when it comes to our health and well-being, and it has been scientifically proven that good lighting increases our quality of life. Therefore, we ought to be critical and quality-conscious when we select lighting for our homes. Because artificial light is not always good illumination.

A COMFORTABLE COLOUR TEMPERATURE AND A HIGH LEVEL OF COLOUR REPRESENTATION

Basically, it is all about fi nding a comfortable light, as close as possible to sunlight, so that the colours of materials and people are reproduced in a varied and natural way.

At Dansani, we focus on offering our customers well-being and contributing to a good indoor climate, and that is why we deliver products with LED lighting of the highest possible quality. If you go for a mirror solution with light adjustment function, you can adjust the lighting in your bathroom according to your needs and circadian rhythm. The mirrors and mirror cabinets from Dansani have an integrated touch panel with an on-/off-function, a dimming function as well as light adjustment function from warm and golden to the coldest white light. With a Ra value of more than 90, you get a very high level of colour representation for all colours in the range. Amongst other things, this means that red colours and skin tones are reproduced correctly which is important when you apply your makeup, for example.

HOMOGENEOUS LIGHT

If you buy your lighting from Dansani, you do not need to worry about quality and colours of the light. Our LED light fittings are sorted applying high quality levels, that ensures that all LEDs in your lamps emit a homogeneous light and offer the same correct colour reproduction, no matter the lamp model and position.

ILLUMINATE THE ENTIRE ROOM

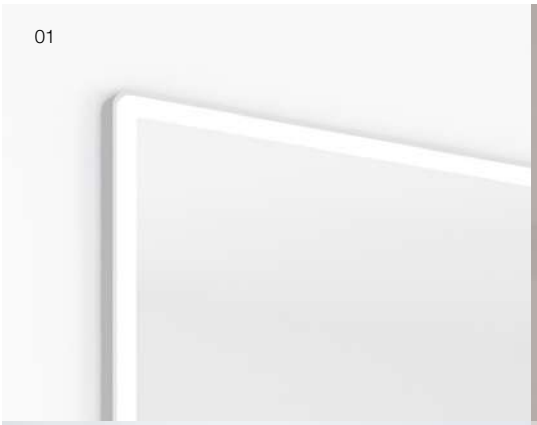
With the lighting collections from Dansani, you can create unique coherence throughout the bathroom interior design by using ceiling spots, wall lamps and pendants that match the light fittings in your mirror solution. All our lamps are designed for the bathroom and they are approved for use in wet rooms in accordance with the standard IP44.

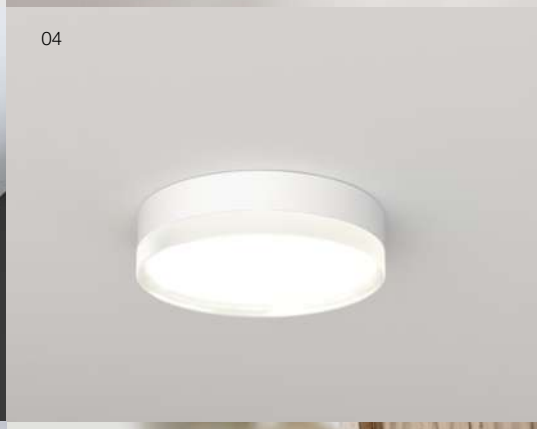
On the photos above, you can clearly see the difference in colour reproduction with a Ra value of 95, 70 and 50, respectively.

Shape large / 230 cm / Linen

Beautiful, luminous cohesion

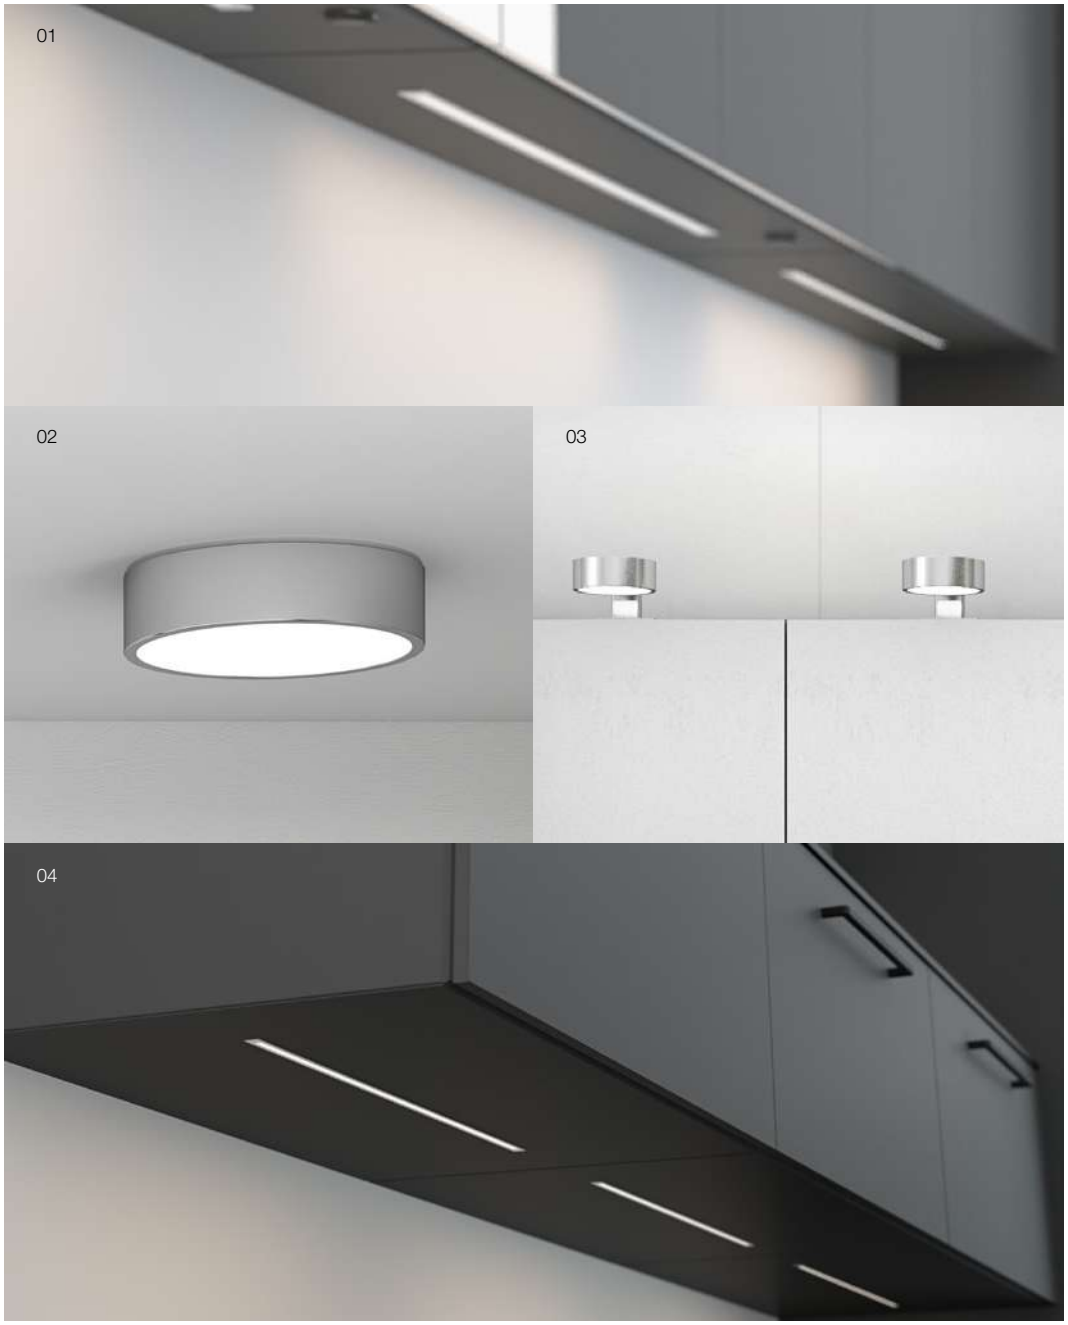
With Calidris you create not only a connection between furniture and space.
The lighting is also well designed, enabling you to create a uniform expression.
You can choose between the Jupiter, Venus and Saturn lighting series
as well as a variety of smart indirect lighting solutions.





Combine your lighting solution

01 LED lighting mirror with white-lacquered frame gives a soft, pleasant light.
02 Saturn - energy efficient LED light dispersing light upwards as well as down over the mirror.
03 Saturn - energy efficient LED light for mounting on a mirror cabinet or direct onto a mirror.
04 Jupiter - ultra-thin energy efficient LED ceiling spot. Available in chrome and white (8 cm diameter).
05 Jupiter - energy efficient LED pendant light available in chrome and white.
06 Framed mirror with adjustable lighting inc underlight.



01 Mirror cabinet with built-in LED illumination. 02 Venus ceiling light is available in chrome.
03 Venus mirror light is available in chrome. 04 Create atmosphere with built-in LED illumination in the vanity units.

Calidris offers a wealth of options for creating perfect lighting for your bathroom. The secret is to find the right balance and combination of direct and indirect light. Combine direct light from ceiling and mirror lights with soft calming light from underlights in mirror cabinets and vanity units.

Shape large / 230 cm / Dark oak

Inspiration

Canto / 160 cm / Bespoke colour

If the room allows it - spread out the furniture, as this makes for a very exclusive expression. Tabletop solutions for cabinets and consoles are available in bespoke lengths up to 244 cm – in addition to a wide standard range of the most popular sizes. All solutions are available with or without a cut-out for tabletop washbasins. The numerous units, washbasins and accessories in the range allow you to emphasise the special characteristics of the room and choose the functionality you need.

For more information see page 86 of the guide.

Frame small / 48,5 cm / Light oak

Clean, distinctive lines with a modern twist

The clean, yet characteristic lines of the washbasins offer a classic appearance with a modern twist. This gives an elegant and aesthetic finish for the entire unit, irrespective of whether the washbasin is resting on or integrated into the cabinet. It completes the idea of elegant functionality, that allows for individual solutions for both the grandiose master bathroom and the miniature city bathroom.

The small washbasins and tabletop washbasins are designed with a high profile to obtain a larger basin without negatively affecting the space in the cabinet. The larger washbasins have a lower profile with a more generous basin that is recessed into the cabinet.
All washbasins are available without tap hole if you choose wall mounted brassware.

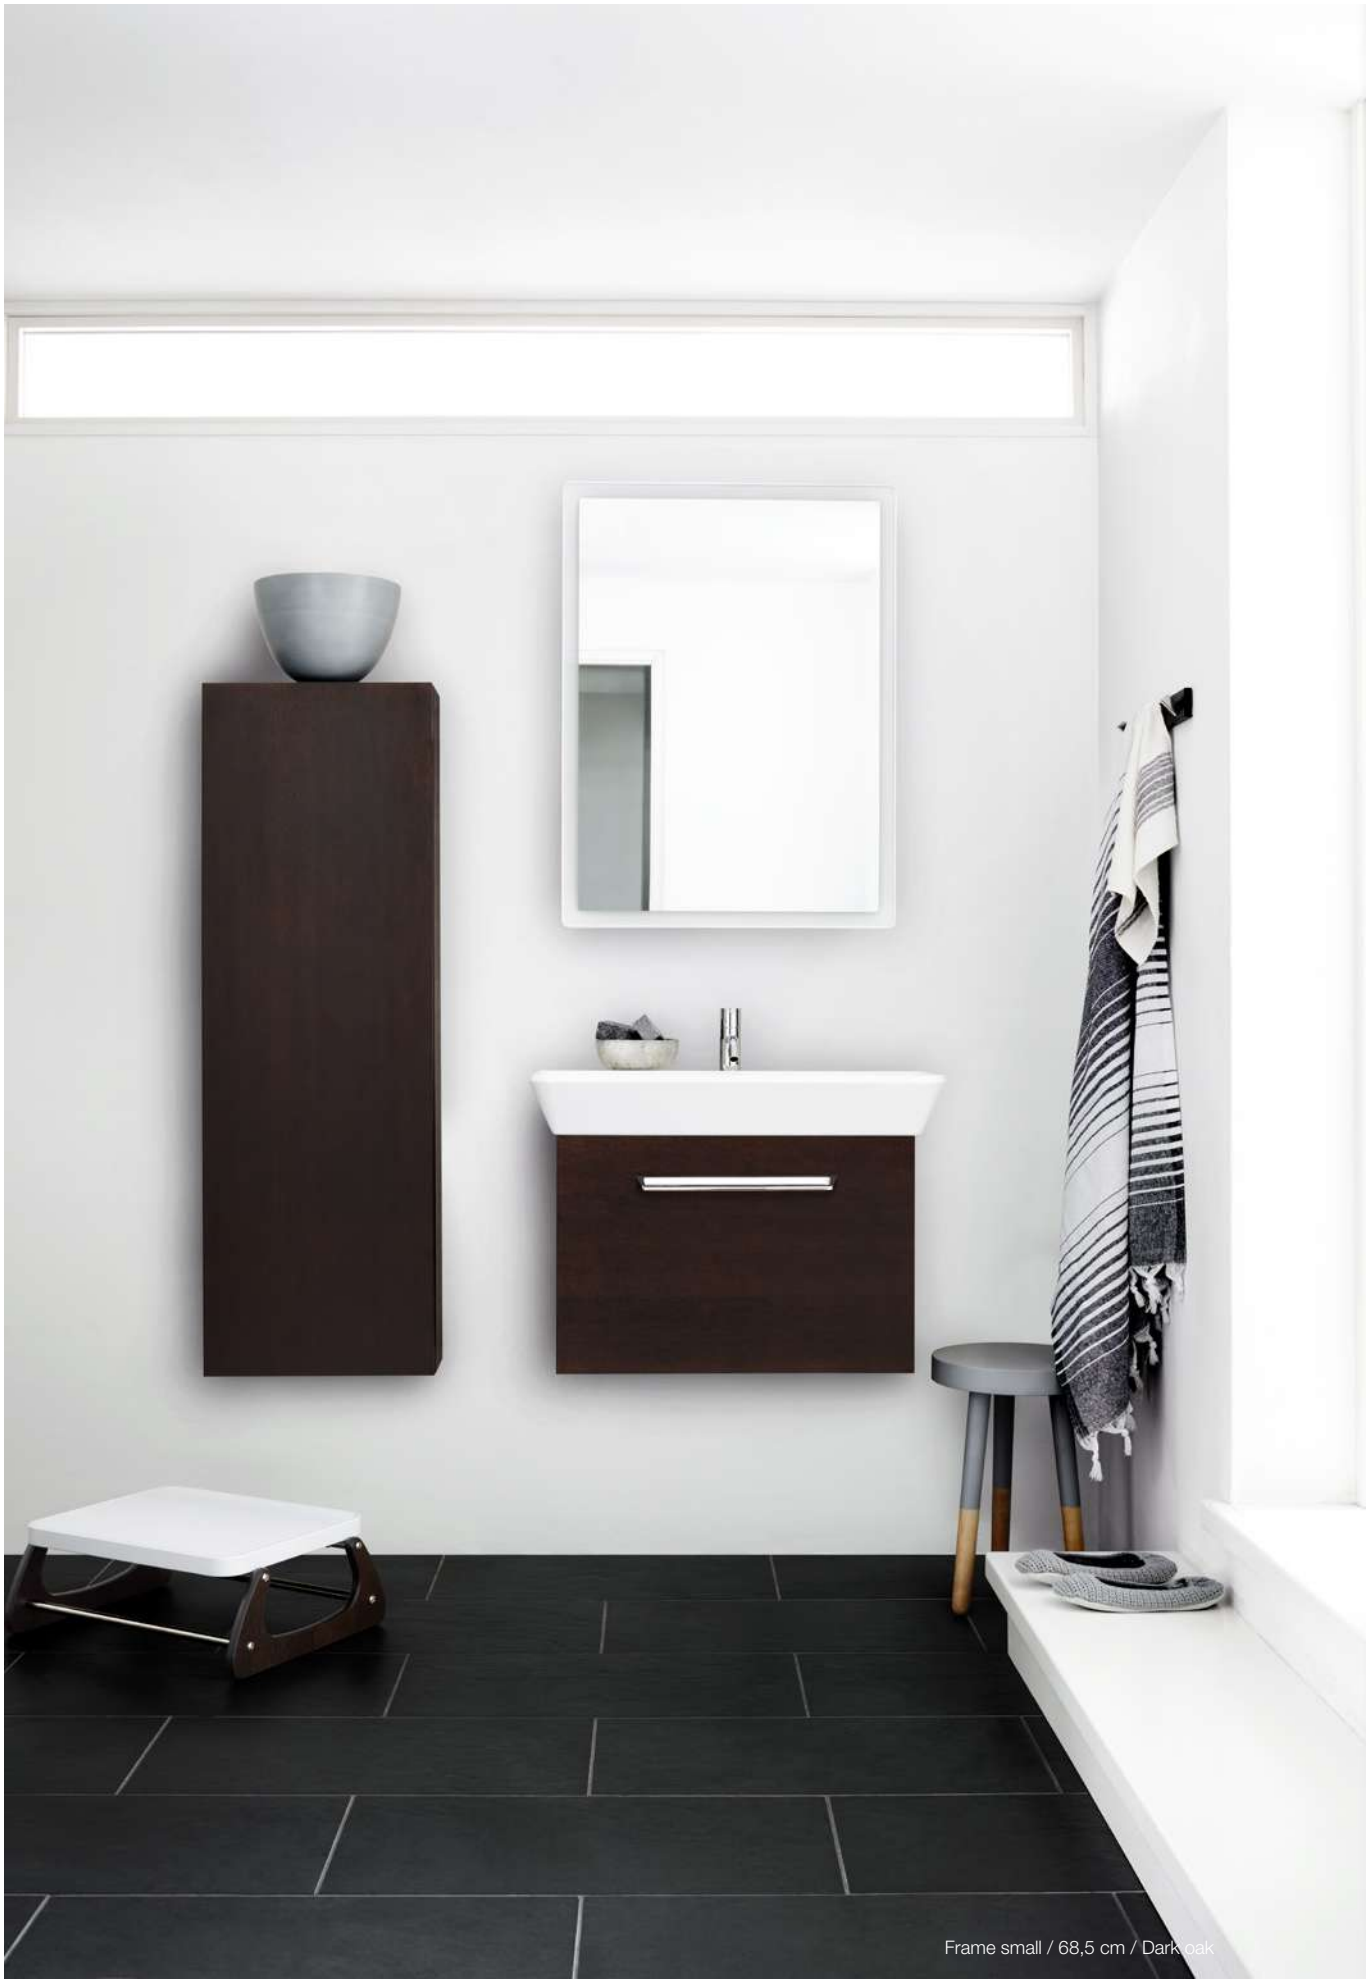
Frame medium / 86,5 cm / White gloss

Shape large / 220 cm / Dove Blue

The attractive LED mirror is not only an aesthetic pleasure to look at, but also to look into. The unique 360° integrated lighting in the LED frame spreads an even, very soft and pleasant light across your face. The combination of the white Shape washbasin and the rounded corners of the LED mirror compliment each other. An attractive and contemporary look.

Full mirror selection overview available on page 87.

01 Get the full perspective with the LED full-length mirror which can also be wall-mounted
02 Calidris offers ample space in the basin and a stylish lightness in the design.
03 Place the glass shelves and the functional trays in a way that suits you.



Frame small / 68,5 cm / Dark oak

Frame tabletop / 200 cm / Light oak

An asymmetrical washbasin allows you to furnish your room in a beautiful and functional style, even if space is limited. Skeilings are no longer a difficult challenge, but an interesting and unusual opportunity. Together with the asymmetrical washbasin, the sloping wall space is used in an elegant and functional way. Calidris' broad range of small cabinets, wall-mounted trays and hook racks in many sizes gives lots of options for maximising awkward corners decoratively and functionally.

See the full washbasin list on page 83.

Frame medium / 106,5 cm / Smooth grey

Break down barriers

Create coherence between bathroom and bedroom. Calidris cabinets in the bedroom and a washstand in a soft stone shade with double washbasin and mirror cabinet create an exclusive sense of continuity.

Calidris mirror cabinets have moveable shelves and are designed with rounded corners that match the contours of the washbasin. This mirror cabinet also has a centre console, which offers unique storage opportunities.

See more on page 68.

Frame medium / 127,5 cm / Soft stone

Frame large / 126,5 cm / White gloss

The contours of the washbasin compliment the range's classic design. The mirror cabinet with the rounded corners elegantly surrounds the cabinet, and the small cabinets allow you to furnish the entire room.

The handle-free solution with push-open function underlines the simple and minimalist style.

Note how the solid wood shelves introduce a natural element to the bathroom.

Double mirror effect

Good design does not only make your everyday life more beautiful, it also makes it easier.
This is what you will experience with Dansani Calidris, finding out that your daily routines suddenly become far more pleasant and completed much faster.
Please note - GB/IE compliant shaver point supplied.

Come closer

A magnifying mirror is a great tool if you want to get up close and personal – ideally positioned where it needs to be, on the inside of the cabinet door - design perfection in every detail.
See more accessories towards the rear of the catalogue.
For better overview and great illumination, you can now add internal LED-lighting inside mirror cabinets as well as cupboards. For further information, please refer to the pricelist.

Large rooms deserve furniture with great ambitions. For example the Dansani Calidris console solution that offers a uniform whole and creates harmony with clean and unbroken lines and a consistent use of colours.

The LED full-length mirror can stand and hang, horizontally and vertically.
Make a combined bathroom, makeup room and dressing room with comfortable steps and a stool.

Make your console solution with or without washbasin.

The opportunities abound
– the choice is yours.

Frame large / 106,5 cm / Light oak

Dansani Mobile is a unique and mobile piece of furniture. Use it as a towel rack or put it into the bedroom as an extra clothes rack. You can also quickly and easily place the mobile outside to dry your towels before placing back in the bathroom. Maximum storage in a minimum of space.

Full-length mirror with built-in LED frame. Hang it horizontally or vertically, or place it on the floor for a more modern and relaxed look.

For more accessories see page 80.

Tabletop washbasin, two deep drawers in dark oak, framed mirror and one floating shelf.
Like the cabinets, the framed mirrors are made with biscuit joints in
high cabinet-maker quality. Lots of elbowroom and space for creativity.

Read more about our craftmanship on page 30.

Mirrors and lighting

LED LIGHTING MIRROR WITH WHITE-LACQUERED FRAME

Mirror with a new and modern look. With integrated LED lighting 360°. Great lighting and effect.
Possible to add built-in heat panel to keep the mirror mist-free.
Available in the following widths: 40/60/80/100/120/160

FRAMED MIRROR WITH INTEGRATED LED LIGHT TRACK AND SHELF

A mirror that frames the reflection. A reinvented classic with a frame in light oak, dark oak or white gloss. The LED lights are discreetly milled into the top.
Available in the following widths: 80/100/120

MIRROR WITH SATURN LIGHT

Stylish mirror with fine rounded corners. Here shown with the Saturn light that has been developed specifically for Calidris with its soft curves. Possible to add built-in heat panel to keep the mirror mist-free.

Available in the following widths: 40/60/80/100/120/160

MIRROR WITH VENUS OR JUPITER LIGHT

Stylish mirror with fine rounded corners. Here shown with the classic Venus light, but also the ultra thin Jupiter light can be used. Possible to add built-in heat panel to keep the mirror mist-free.
Available in the following widths: 40/60/80/100/120/160

Calidris mirror cabinets, irrespective of their size, are spacious and consistent in their design and function. Double mirrored doors, attractive mirror back plates, sturdy glass shelves and shaver point are some of the great functions that hide inside the mirror cabinets. All mirror cabinets are available in colours matching the rest of the furniture. Choose between a Saturn light, the classic Venus light or the ultra thin Jupiter light. Saturn casts its light both upwards and down the mirror solution.

MIRROR CABINET IN DIFFERENT DEPTHS

A spacious mirror cabinet with a shallow depth of only 11 cm that fits the very narrow washbasins. Available in the following widths: 40 / 60.
A mirror cabinet in a simple and attractive design with a depth of 15 cm that gives you a little more room inside the cabinet. Available in the following widths: 40 / 60 / 80 / 10

MIRROR CABINET WITH ROUNDED CORNERS

Double mirrored doors in oversize and rounded corners give the mirror cabinet a light and elegant design. Allows for flexible organisation with room for both tall and short bottles etc.

Available in the following widths: 80 / 100 / 120

Enhance cupboards and mirror cabinets with add-on internal lighting. For further information, please refer to the pricelist.

JUPITER

LED light in a beautiful ultra-thin design. Also available as pendant light and ceiling light in white and chrome finish.

VENUS

Round energy-saving LED lights. Note a complimentary ceiling light is also available.

SATURN

Energy saving LED lamp, which illuminates both upwards and down on the mirror solution. Is also available as wall lamp.

Product information

FRAME AND CANTO WASHBASINS

Porcelain washbasins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1,220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

SHAPE WASHBASINS

Shape Solid Surface washbasins are made from a robust, acrylic-based homogeneous material with a waterproof surface that is easy to clean. Separate cabinets with an extra reinforcement made of strong lacquered steel profile must be selected for Shape washbasins to provide additional strength. Please note: The slim washbasin design requires full support of cabinets under the entire length.

CABINETS

15 mm over-veneered MDF board with solid wooden edges with moisture-resistant, two-component lacquer that gives a robust and easy-to-clean surface. White gloss, white matt and bespoke colours are lacquered with moisture-resistant two-component lacquer. The cabinets are assembled using cabinetmaker biscuit joints and are supplied fully assembled including back panelling and three-way adjustable rails for wall mounting. Separate cabinets for Shape Solid Surface washbasins, tabletops and top plates are fitted with an extra reinforcement placed at the top forefront of the cabinet. The reinforcement is made of strong lacquered steel profile.
Add on options like energy efficient LED Lighting in drawers, LED lighting for under-cabinet mounting as well as internal LED lights in cabinets. For more information on optional extras, please see the price list.

SHELVES

As standard, all cabinets are supplied with chrome shelf supports and 6 mm crystal-clear glass shelves with polished edges that give the shelves a light and attractive look. Not applicable to vanity units.

DOORS AND FRONTS

15 mm over-veneered MDF board with solid wood edging and coated with moisture-resistant, two-component lacquer that gives a robust and easy-to-clean surface. White gloss, white matt and bespoke colours are lacquered with moisture-resistant two-component lacquer.
All wooden doors are supplied with sturdy metal clip-on hinges with integrated dampers that ensure gentle and silent closing. The hinges can be easily adjusted in three directions. All doors and fronts are designed with a bevelled edge that functions as an integrated and invisible handle on doors in tall cabinets, wall cabinets and base cabinets.
Handles can be added from the price list.

DRAWERS

The drawers have white, exclusive metal sides and are fully extendable and self-closing with dampers that ensure that the drawers close softly and silently. The drawers are adjustable in three directions and supplied with white, non-slip rubber inlay. Drawers with cut-out for fittings are with integrated room divider and an accompanying lid. Extra room dividers with lids in matt white can be added for optimum organisation. Details for Push-open function can be found in the pricelist.

VANITY UNITS

All vanity units are made using biscuit joints joints and come, as standard, without top, but with cut-out in the back panel that makes room for standard water waste and installations. Washstands with one drawer are supplied with cut-out as standard. 40 cm high washstands with two drawers are supplied with cut-out in both top and bottom drawer as standard. 60 cm washstands with two drawers are supplied with a bottom drawer without cut-out and a top drawer with cut-out as standard. The cut-outs ensures that there is room for water waste and installations. Vanity units for Shape Solid Surface washbasins are fitted with two extra reinforcements placed at the top forefront and rear of the cabinet. The reinforcement is made of strong lacquered steel profile. Washstands that have drawers with a cut-out are supplied with an integrated room divider in matt white and a lid. In addition, it is possible to add extra room dividers incl. lids. Option to add energy-saving LED lighting in both drawers. Power 2 – 6 W depending on drawer width. Life time 30,000 hours. Washstands with lighting are IP44 approved. Optional extras such as LED lighting for under-cabinet mounting.
For more information on optional extras, please see the price list.

WOODEN TABLETOPS AND WOODEN SHELVES FOR CONSOLES

25 mm particle board with 3 mm HDF top layer, over-veneered and with solid wood edging and coated with moisture-resistant, two-component lacquer that gives a robust and easy-to-clean surface. High-gloss white and matte white are lacquered with moisture-resistant two-component lacquer. The worktops are enforced with a highly polished stainless steel rail. To obtain extra strength, the worktops are fitted with a rail placed as reinforcement right in front of the cut-out for the washbasin – the rail is made of highly polished square profile like the consoles.

CUSTOM-MADE VENEERED WOODEN TABLETOPS

Description as in the above section. Maximum length 2,440 mm. Price and delivery time upon request with sketch/drawing with measurements.

CONSOLES

High-polished stainless steel square profile with attractive joints and matching stainless steel covers.

SOLID SURFACE TABLETOPS AND WORKTOPS

12-mm strong acrylic-based homogeneous material with a waterproof surface that is easy to clean.
Please note: The slim design requires a full compliment of cabinets under tabletop and top plate.

MIRRORS IN THREE VERSIONS

1) White gloss back lit mirror with rounded corners and energy-saving LED strip behind the mirror that appears from a frosted field in the mirror.
2) Mirror with external LED lights as an optional extra and light-control with built-in memory function and optional integrated heat panel to keep the mirror mist-free.
3) Framed mirror with energy-saving integrated LED lighting at the top. Also with light-control with built-in memory function. The wooden parts of the frame are constructed in the same way as the cabinets. Framed cabinets can also be complimented by integrated, energy-saving LED underlight that provides ample illumination above the washbasin.

Wall fittings are included with all mirrors. All mirrors are IP44 approved.

MIRROR CABINETS

All mirror cabinets are supplied with integrated shaver point light-control with built-in memory function and double-sided mirrored door with adjustable hinges and dampers. A round magnifying mirror (magnifies 5 times), which you can place at the required height is included. The rear panels in all Calidris Mirror cabinets are a 4-mm mirror affixed to an MDF board. 6mm adjustable, crystal clear glass shelves provides the perfect light attactive finish.
All mirror cabinets are IP44 approved and supplied with the round Venus light or the tiltable Saturn LED light. Mirror cabinets can also be complimented with integrated, energy-saving LED underlight track that provides extra good lighting above the washbasin. Acrylic trays can be added for storing bits and pieces.

ACCESSORIES

”Mobile” towel rack, shelves and wall rails in white high-gloss lacquer, white matt, dark oak, light oak or bespoke colours. Metal parts in stainless steel. Room dividers for drawers in matt, white-lacquered MDF. A lid is included with every room divider. Sturdy wicker baskets in natural wicker built around a powder-lacquered steel frame. White stackable acrylic trays for mirror cabinets, drawers and cabinets. Pull-out trays for tall cabinets in lacquered MDF board in matt white or bespoke colours.

HANDLES

Handles optional. Choose from a wide range.

FITTING

Fittings and fitting instructions are included with every delivery.

WOODEN PRODUCTS – GENERAL

On the fronts, the direction of the veneer follows the length of the units. This means that the direction of the veneer on a door for a tall cabinet is vertical, whereas the direction of the veneer on a drawer front is horizontal. The wooden veneer used is European oak. Wooden products are characterised by variations in structure and colour. This means that natural irregularities in veneer or colour may occur, and these cannot be considered a defect in the product. Genuine wooden veneer reacts to sunlight, and colour changes will occur over time.

WARRANTY

We offer a 5-year warranty against manufacturing defects.

For further information regarding quality and tolerances please visit www.dansani.ie

Practical information

BEFORE ORDERING

The Dansani Calidris range is produced to order. As a result, the delivery time will normally be 3-4 weeks. Please note: the delivery time for Shape washbasins, tabletops, top plates and bespoke colours is 6-7 weeks.

OR PRIOR TO INSTALLATION

Please read the fitting instructions carefully before commencing to fit the furniture. All plumbing work should be performed by a qualified plumber and all electrical connections should be performed by a qualified electrician. Please note that the dimensions of porcelain washbasins are subject to variations within the margins indicated.

MAINTENANCE

Always read the maintenance instructions which are included with the furniture upon delivery. Always read the instructions for use and the declaration of contents on cleaning materials before using them on the furniture. Do not use abrasive cleaning materials or cleaning materials that contain solvents or acids. Always make sure that washbasins and units are dry after use. This will make cleaning much easier, and you will avoid damage due to moisture.

GENERAL

Dansani reserves the right to make production changes and product improvements.
We accept no liability for typographical errors. Custom-made products and products that have been altered or fitted cannot be returned.
If you are looking for cabinets that do not appear in our price list, we offer at a surcharge, to produce variations on the basis of existing components – cabinet sides, drawers and fronts.

For further information about fitting measurements and fitting instructions, please see www.dansani.ie

Our Philosophy

Your bathroom is your personal breathing space, and no one can create it better than yourself. With Dansani, it is easy and inspiring to furnish your bathroom with functional and well thought-out solutions that adapt to the needs of the individual.

Danish design

The idea behind Danish design embraces functionality, simplicity, and naturalness, and is expressed in a timeless design. This is the starting point for every product embraced by the Dansani brand.

Functionality

Our products should be easy and comfortable to use, as well as being able to adapt to the size of the space through smart functions that are practical yet durable.

Craftsmanship

Both design and function must be supported by durable craftsmanship. The excellent cabinetry finish is consistent in all our products, evidenced by gorgeous materials and sustainable solutions.

Sustainability

At Dansani, being environmentally responsible is a given. Therefore, we have implemented several measures to reduce our environmental impact. We also focus on our own work environment, encouraging our suppliers to offer ethically responsible working conditions.

With reservations for changes in price- and product, misprints, technical specifications and colour deviations due to printing technique. 01.19. 19IECALIDRISBR / 500 pcs.
